This past month we also have had a couple of incidents where offenders gained access to secure parking areas. Once inside, the offenders caused property damage and stole items from numerous cars. Please ensure all access to your parking areas are secure. As well, please remind people to watch for suspicious people hanging around as they enter secure facilities. In some cases, the offenders follow vehicles in before the overhead door closes. Culprits also targeted storage lockers once inside buildings. Please contact Calgary Police if you find suspicious people in these areas.

Winter Safety

SHOVELING SAFETY

- Drink water before and after shoveling to stay hydrated.
- Do not drink beverages with caffeine or alcohol as they act as stimulants that can strain the heart
- Warm up your muscles with light stretching
- Wear layers of clothing to help you stay warm or cool off
- Wear warm boots with slip-resistant soles
- Use a small shovel to prevent heavy lifting
- Bend your knees and lift with your legs, not your back.
- Pace yourself, take breaks

WINTER DRIVING SAFETY

- Clean snow and ice off your vehicle and ensure your headlights and windows are clear.
- Check the tread on your tires and consider installing snow tires.
- Give yourself extra time to reach your destination.
- Reduce your speed and turn on your headlights.
- Leave extra distance between you and the car ahead of you. Do not pass working sanders.
- Consider delaying your trip until the roads are in better condition.

TREND OF THE MONTH Smashed Glass

SAFETY TIP

Please dial carefully! The Calgary Police Service and other Emergency Services remind office staff to dial carefully if they use a dial 9 pre-fix. Everyday numerous misdials tie up emergency resources. Please dial carefully and if you connect to "911" by accident, please stay on the line. Do not hang up.
